

CNY Drones

Event Volunteer Guidelines

1. Volunteers must sign in at events.
2. Those working in build areas, designated pits and/or flight zones **MUST** wear safety glasses.
3. Those working in build areas, designated pits and/or flight zones must read the attached CNY Drones Facility Flight Rules and/or any Facility Rules provided by the event facility host.
4. Those volunteers assisting with competitions, including all volunteers in build areas, designated pits and/or flight zones must be familiar with the Competition Manual rules.
5. CNY Drones events – including but not limited to competitions, demonstrations, clinics and workshops should have waivers, rules and safety information for public review.
6. CNY Drones volunteers wishing to fly their own drones during events, must read safety information provided, adhere to safety rules and sign the same waiver as other flyers. Attendees and/or the public will have priority for using flying space. Time may be available prior to or after events for volunteers to fly at venues.
7. Volunteers should become AMA members (modelaircraft.org), particularly those working directly with drones and drone pilots.
8. Volunteers are made aware of the safety requirements of event host facilities prior to events and must adhere to those safety requirements.
9. Volunteer information, procedures and safety rules will be available at all events.
10. Volunteers are responsible for their own transportation and food/drinks other than what is specified by CNY Drones in communications prior to events. Water is typically available for volunteers at events. Food/snacks are shared.
11. CNY Drones is not responsible for the individual actions volunteers at events and requires release forms to be on file for ALL volunteers.
